## A Call From Bridge Street Church.

At a late meeting of the Quarterly Board of Bridge Street Methodist Church, a unanimous resolution was passed asking the Conference now in session in Picton, to send them Rev. Isaac Torrell for the year 1887. As the present incumbency's time has expired, this motion will leave the hands of the Conference united in their appointment for one year.

## OBITUARY.

The sad tidings of the death of Mr. H. B. Rathbun, of Deseronto, reached Belleville this morning. Mr. Rathbun has been ill for health for some time past. Last winter he went to California for the benefit of his health. From California he took a tour through the Southern States and returned home about a short time ago. He found friends there who had been ill and had a stroke of paralysis. The deceased was born at Auburn, N. Y., and was 74 years of age. He came to Canada in 1851, and located at what is now known as Mill Point, but which was then called Deseronto. At the time of his arrival the place had but one house. He began lumbering operations and from modest beginnings gradually extended his business until the name of Rathbun became a symbol of solidity and integrity throughout the Dominion and the adjacent States of the neighboring Republic. Through his thrift and enterprise, Deseronto has developed from what it was when he found it, to a thriving village of upwards of 3,000 persons.

The operations of the Rathbun Company have become so extended that today they have branches in Napoles, Picton, Belleville, Gananoque, Toronto, Albany, New York, Liverpool and Glasgow. All these agencies are supplied from manufactory works at Deseronto, which are the best in the country.

Mr. Rathbun, a man of great energy, there has been equipped a small fleet of his steamers, a large flouring mill, and immovable mind, undaunted, all the growth of his early enterprise and the energy and ability of his son E. W. Rathbun. Some twenty years ago the deceased retired from active business pursuits and surrendered the management of his vast business interests to his four sons, the eldest of whom is Mr. E. W. Rathbun. The result has proven that the son is worthy of his sire.

The late Mr. Schuster, the City Missionary, had a staunch supporter in the deceased, who recognized the good work that was being done, and encouraged it with his ample means. A family of four sons and three daughters were left, and a funeral service will be held at the late residence of Deseronto, to-morrow evening at 6 o'clock, after which the remains will be taken to Auburn, per steamer Rosolute, for burial.

## CITY COUNCIL.

## Long Session Full of Solid Business.

Queen Hotel, Elizur Yancey, Water Tastes, Police Call—An Increase in Salary, Lighting of Gas, a Bell, a Telephone, a Nuisance.

A regular meeting of the City Council was held last evening, Mayor McLain in the chair. The members present were Ald. Hanley, Fox, Macom, Diamond, Brigg, Pringle, Keith, Falkner, Johnston, Bogart, Reeves, Lot, Simonet, Biggs, Foster, Hay, Northrop, Rathbun, Frost and Davis, Graham.

Mr. Weller and the tally clerk was at one time a very clever man, but owing to physical afflictions his abilities were very much impaired and he was now incompetent to fill the position. He had compared the results of the two tallies and found that they did not agree. One person was against the other, and the tally clerk was then sent to the city of 44 legs against the city, the 29th, for the city, on the 29th 16 for the city. To day there were 117 of a difference in favor of the city. While the tally clerk appointed by the city had to keep a record of all the logs that passed through the gas and coke clerk to keep a record of the Gilbert tally.

Ald. Leacock moved to move for the removal of the present tally clerk, as he was not satisfied as to his incapacity. Mr. Rathbun had not counted the pieces which had been passed through the gap and until they were counted and the result compared with the tally clerk's score he would not move for his removal.

The Alderman afterwards said Gilmore's clerk failed to score logs which were called. Gilmore's log was 100, and the tally clerk's was 101. His station was otherwise occupied and the logs were not marked when called. He questioned the accuracy of his record.

The motion to dispense with the services of the present tally clerk was carried.

W. J. Butler was chosen to fill the vacancy.

The committee reported.

Ald. Biggar asked if anything had been done toward the reassessment of the flooded part of the city.

Mr. McKinley said the property had been assessed and was prepared to report to the Court of Revision.

Ald. Graham asked if anything could be done to prevent the dumping of scrapes of iron on the vacant lot at the junction of the Station and Canfield Roads.

The City Solicitor said they could not, unless it could be proved that the practice was a nuisance.

In Committee of the Whole on By-laws, Ald. Hanley in the chair.—The By-law fixing the license fees of auctioneers at \$40 and peddlers and transient traders at \$100, was referred to the Standing and third committees and numered.

Ald. Graham and Biggar moved that the Street Surveyor be instructed to ascertain who deposited scraps of tin on the north side of Station St., and if it was done with the consent of the owner of the property.—Carried.

Ald. Biggar gave notice of motion to declare July 30th as a civic holiday.

The city attorney called the attention of the Council to the fact that parties were removing dirt from McDonald Avenue. He said it should be stopped.

Ald. Pringle gave notice that he would, at the next meeting, move to amend the Poundkeeper's by-law.

The Council adjourned.

A GREAT AWAKENING.

Use the pleasant, and efficient worm killer, Mother Graves' Worm Exterminator; nothing equals it. Procure a bottle and take it.

AID. MACOM.

Mr. Smeaton objected to paying \$100 for the sum total of annual license fees for the Opera House. A few men, he said, had bought the property at a figure that would enable them to make it pay. He asked if the recommendation did not conflict with a By-law already in force.

Ald. Diamond said it did, and if any one objected to it it would have to be dropped.

Ald. Smeaton said he did object.

Ald. Biggar gave notice of motion to declare July 30th as a civic holiday.

The city attorney called the attention of the Council to the fact that parties were removing dirt from McDonald Avenue. He said it should be stopped.

Ald. Pringle gave notice that he would, at the next meeting, move to amend the Poundkeeper's by-law.
